

Contents Valuation Guide

This guide will help you calculate the value of your home's contents. Simply enter the estimated 'replacement' values (with the exception of clothing, footwear and toiletries) for the items that are relevant to you and we'll automatically calculate the total for you. Refer to the Contents Total, Grand Total on page two to find out how much cover you require. In addition to this, please read your policy carefully as some items have limited cover unless specified on your policy. To amend the amount of cover you require or to enquire about how to increase an item limit on your policy, just call us on **0800 500 213**.

	Average	Above Average	Your Value
